WEST VANCOUVER CITIZENS FOR GOOD GOVERNMENT

Who We Are: We are a group of dedicated volunteer citizens committed to community service. We believe in maintaining and enhancing the quality of governance in West Vancouver through active citizen participation in the civic electoral process. Our elected directors of the board represent the diverse cross section of our West Vancouver community and each offer a wide range of community, professional, and personal experiences.

Mission: West Vancouver Citizens for Good Government is a non-profit, non-partisan, and non-issue community group whose mission is twofold - to inform, involve and empower residents of West Vancouver to participate in the civic electoral process; and to encourage and support qualified individuals to run for civic office. WVC GG upholds values of neutrality, fairness, open communication, community, and respect at its core.

Our Vision: West Vancouver is one of the most vibrant communities in Canada, positively contributing to the livelihood of the society at large. Yet the low voter participation of 24% in the 2011 elections does not reflect that. WVC GG aims to ensure increased participation by all voters. We highly value individuals who offer their knowledge, community interest, and experiences for public office.
